"I came to tell you I'm not really a witch."

JR. PLAY

cast for the 1981-82 Jr. Play "Ain't Love A Joke"

Rick thinks about his next plan of action.

This story involves the four Prentice sisters: Daphne, Kelly, Debbie, and Robbie. They are in a tremendous jam because they've undertaken the task of running their aunt's literary agency while she is in the hospital. The girls are having to play it by ear, and the complications are hilarious.

To pay for the aunt's expensive surgery, the girls get a big advance on an unfinished novel by a writer named Shirley Abernathy. The catch is that the complete novel is due, but no one can locate Shirley! She finally turns up and to everyone's surprise Shirley is really a man.

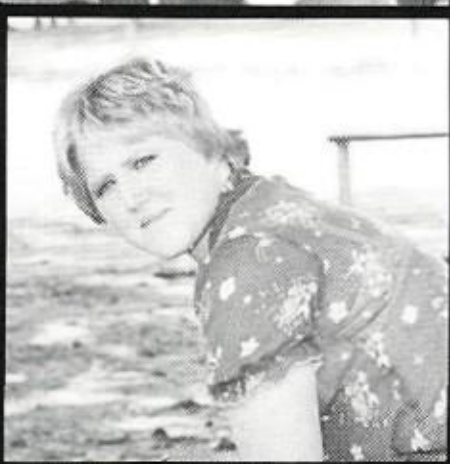

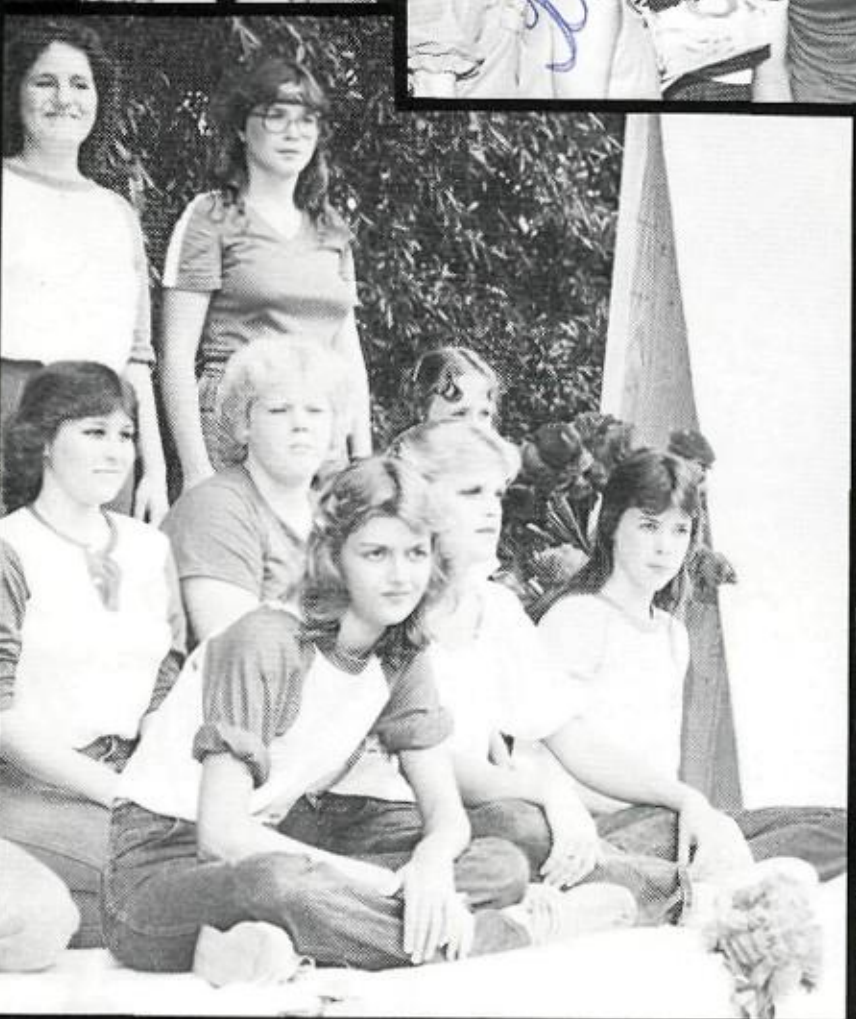

What makes this a disaster is that the Amazon Publishing Co. has a strict policy to use only female authors! So when Guinevere, the lady from the publishing company and Olga and Bertha, her two assistants, meet Shirley, they are quite surprised and threaten a lawsuit.

Throw all this excitement in with several blooming loves when Robbie gets her man, Rick; Kelly gets her fellow, Warren; and Debbie has her beau, Jeff, back from the Army. If this isn't enough excitement to the plot, we even have some witchcraft from a would-be witch named Samantha.

The play cast and crew are: Martin Lamb, Shirley Abernathy; Paul Majors, Warren; Randy Philips, Rick; Rhonda Irons, Robbie; Jymme Carrington, Olga; Beverly Allen, Samantha; Janelle Shepherd, Guinevere Boldt; Robin Fish, Bertha; JoLynne Frizzell, Kelly; Debbie Linzy, Debbie; Lisa Yarbrough, Daphne; M'Leah McBryde, Make-up and prompting; Randy Morgan, Jeff; (Not pictured) Melissa Mills, Student Director; Robert Van Duren, Stage Manager; Hershel Shipman, Advertising.

"How much longer is the Abernathy damn thing to be?"

SR. PLAY

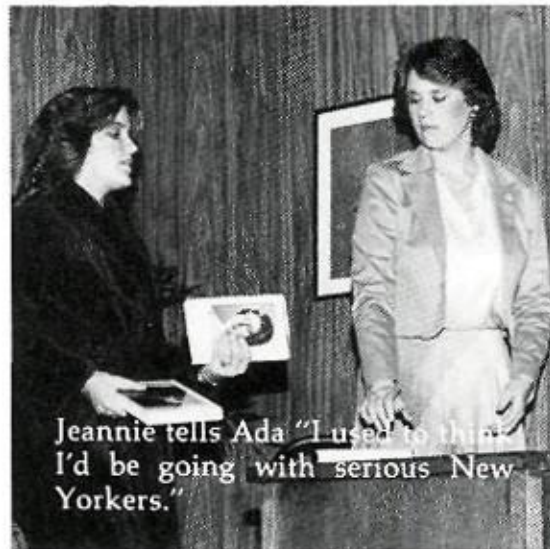

Vince tries to impress Ada.

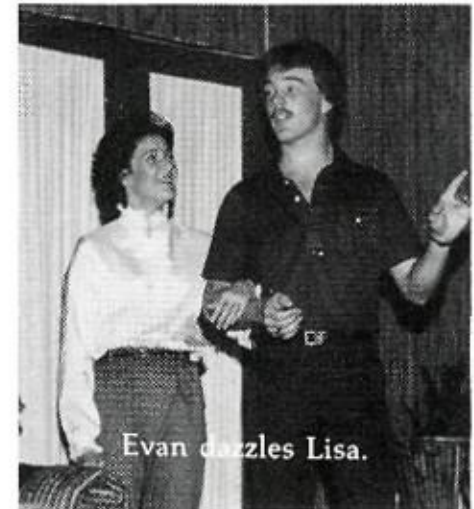

Meg Wheeler goes to New York to find a career and a wealthy husband. Of course her overprotective parents and two old spinster aunts object when Meg moves into a large all-girl hotel. There she meets bored but witty Ada, stunning Lisa, delightful Jeanie, successful Terri, and Ruby and Heidi, who are worried about not being married. But romance comes with hard working Alvin, his understudy Vince, successful Miles, and can't-take-life-or-girls-seriously, brother Evan. Ellen and Jane arrive just in time to add to the comedy.

Play cast: Lisa Yarbrough, Meg Wheeler; Scotty White, Mr. Wheeler; M'Leah McBryde, Mrs. Wheeler; Rhonda Irons, Aunt Lattie; Robin Fish, Aunt Fern; Debbie Linzy, Ada; Jo Lynne Frizzell, Lisa; Melissa Mills, Jeanie; Jymme Carrington, Terri; Janelle Shepherd, Ruby; Carol Weast, Heidi; Tim Moncrief, Alvin; Hershel Shipman, Vince; Martin Lamb, Miles; Randy Philips, Evan; Ragina Carr, Ellen; Danita Kay Haller, Jane; and Paul Majors, Student Director.

Jeannie tells Ada "I used to think I'd be going with serious New Yorkers."

Evan dazzles Lisa.

"huh?"

SR. PLAY

'But listen Meg.'

"But you can't argue with
statistic."

Tess and Ruby have a dis-
cussion but Lisa's mind is
elsewhere.

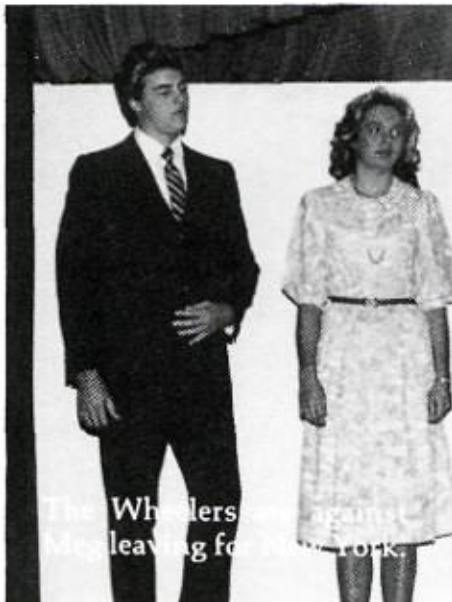

We hardly ever see men around
here.

Mr. Wheeler talks with Meg.

Daydreaming again.

The Wheelers are against
Meg leaving for New York.

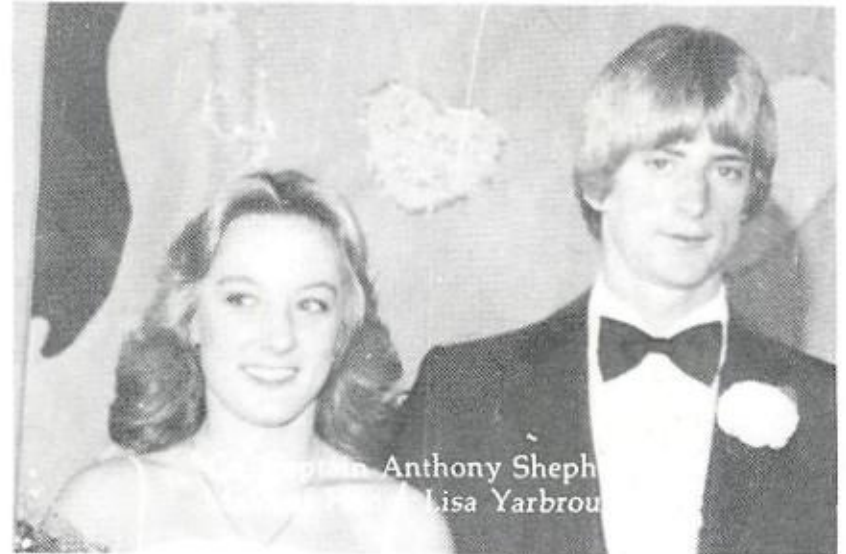

Another night at home.

Aunt Lattie and Aunt Fern
wonder if Meg is engaged
yet.

BULLDOGS

1982-83 Bulldog Coaches: Bruce Huddleston, Charlie Baggett, and Bobby Smith.

The 1982 football season failed to meet the expectations of the Bulldogs and the fans. The Bulldogs were picked 5th in preseason polls but with 16 seniors and a lot of hard work the dogs had high hopes. The Bulldog defense posted 5 shutouts and were ranked no. 1 in the 8A, 8AA, and 8AAA with only 78 points scored against them. The Bulldogs who were 4-1 until the Hamburg contest went on a three game losing streak, due to the fact, three key players were injured in the process. The Bulldogs finished 6-4 on the season and finished third in the district. We would like to thank the fans, cheerleaders, and the band for their fine support throughout the 1982 season.

BOARD OF EDUCATION

Many years ago, the Star City Board of Education made a commitment to serve every child in this district regardless of race, belief, economic status, or physical handicap. It is further committed to seeing that every student should have the opportunity for the fullest development in mental, moral, spiritual and physical health.

With child growth being at the center of the school's philosophy, the Board of Education has been propelled always in the direction of making improvements both in curriculum and staff development.

One of the biggest responsibilities of the Board of Education is to see that the school plant is kept safe, up to date and adequate. All school facilities are now easily accessible by the physically handicapped; new lighting has been installed this year in the older elementary building and in the main high school building; and bids were recently opened so that work can begin soon to replace all doors and windows in the high school building.

Star City School District is fortunate to have five very dedicated men on its board.

The 1982-83 Board members are: Jack Grayson, Grover Brockman, Robert Trout, Roland Conner, and Billy Summerford; D.F. Womack, Superintendent.

D. F. WOMACK

D. F. Womack is now in his ninth year as school superintendent at Star City. Through these years, he has demonstrated his administrative and leadership abilities many times in directing the school system toward a stronger curriculum, professional and in-service training.

Under his direction, the teachers throughout the school system have had or will have the opportunity to attend a cycle of Program for Effective Teaching, which is a new approach to effective instruction that is supported and recommended by the Arkansas Department of Education.

He has directed the school system through a building program involving a new elementary building and a vocational complex, has assisted the elementary school in becoming a member of North Central Association of schools and Colleges, and assisted the high school in its NCA re-evaluation process in the spring of 1983. In addition, a method of teacher evaluation has been set up during his tenure.

Mr. Womack holds membership in the Arkansas Association of Educational Administrators, Arkansas Association of Professional Educators, American Association of School Administrators, Southeast Arkansas School Study Council, American Legion, the Star City Chamber of Commerce, Phi Delta Kappa, and a local church. He serves on the National Americanism Committee of the American Legion and the Teacher Certification Committee of the American Legion and the Teacher Certification Committee of the Department of Education. He is state director of Boys' State, a 32nd degree Mason, and an Arkansas delegate to AASA.

Aileen Campbell

Aileen Campbell has served 15 years in an administrative capacity. She holds a BSE degree from UAM and an MSE degree from HSU in Business Education. She is a board member and a secretary-treasurer of the Arkansas School Business Officials, a member of the Arkansas Association of School Administrators and Arkansas Association of Educational Administrators, Star City Chamber of Commerce, Blue Cross Subscribers Advisory Council, and a local church.

Her duties include district treasurer, business manager, Chapter I coordinator, office manager and secretary to the superintendent.

Assisting in the central office are Joyce McBryde and Rene' Johnson. Mrs. McBryde is an administrative aide-receptionist-bookkeeper of the district. She is a graduate of Dumas High School and of Capitol City Business School. Mrs. Johnson is parent coordinator, migrant records clerk, and an assistant in federal programs. She is a graduate of Grady High School and attended UAM. She is new to the Star City system this year, coming from the central office of Grady School District.

Joyce McBryde

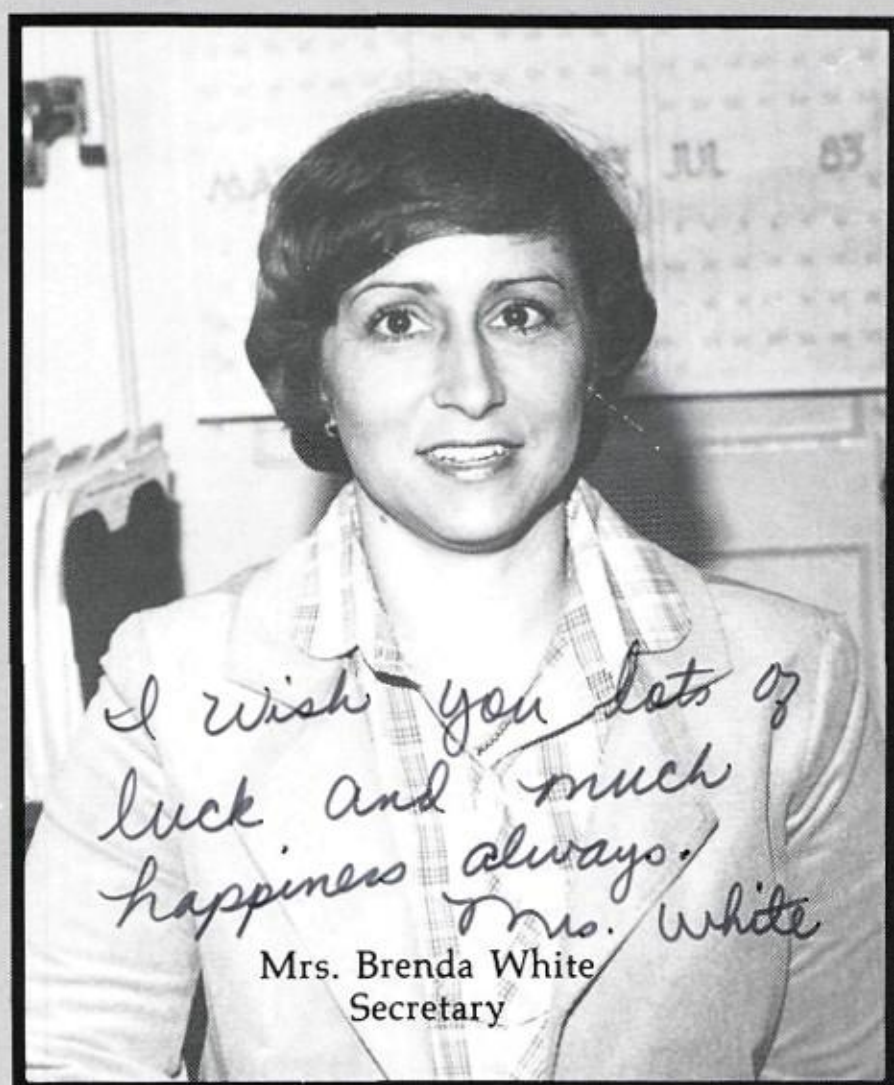

Rene' Johnson

Mr. Clemit Phillips

The role of High School Principal must be served by someone who is dependable, honest, a hard-worker, and above all else someone who has a sense of fairness for teachers and students alike. All of these characteristics are met by the SCHS Principal, Clemit Phillips.

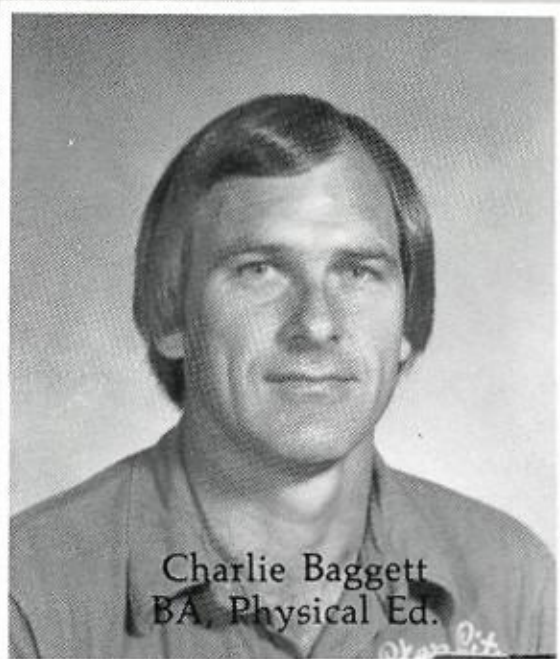

He holds a BSE, MSE degree from Henderson State University, and has completed additional courses at U of A in Fayetteville. He is a member of Arkansas Association of Educational Administrators, Arkansas Association of Secondary School Principals and is a member of the Arkansas State Board of the North Central Association.

Principal

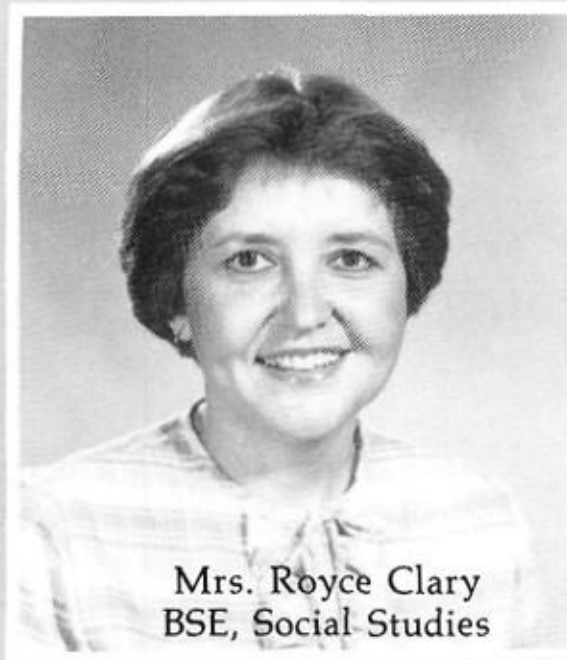

The job of the Star City Middle School is to accomodate students in grades six through eight, and help them make a smoother transition from Elementary to High School.

Serving as Principal of the Middle School is Jimmy Moore. He was appointed Principal in 1977. Mr. Moore holds membership in the Arkansas Association of Educational Administrators, the Arkansas Association of Professional Educators, the Arkansas Association of Secondary School Principals, and the National Association of Secondary School Principals.

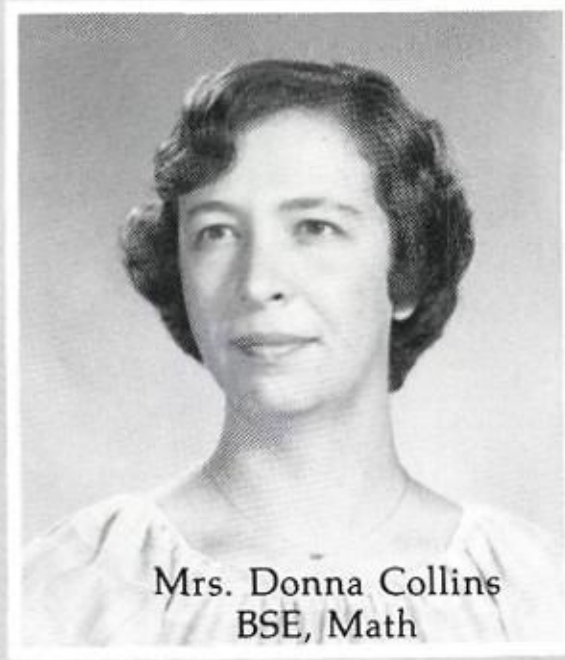

His duties include planning the curriculum, handling discipline problems and scheduling classes. He is a fine example of our Administration and serves as an inspiration to all who come in contact with him.

ELEMENTARY SCHOOL ADMINISTRATION

Principal for the Elementary school is Mr. Jimmy Brown. In his 28 years as principal, Mr. Brown has made many changes in our school, and has brought many honors to us.

This year Mr. Brown was named "Outstanding Elementary Principal of the Year" by the Arkansas Association of Elementary School Principals. We are very proud of him for his dedication to and love for the students of The Star City Schools.

MEMORIES

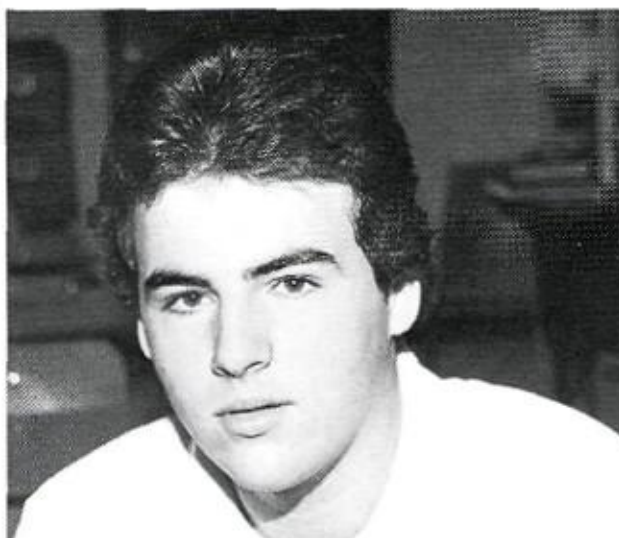

ROCKET STAFF

1983

Being on the Rocket Staff has been a new experience for me. I never realized that there was so much work that went into it. I hope you enjoy it as much as I enjoyed working to put it together.

Norma Myrick

It's been a great experience working in Rocket Staff. A lot of hard work, time, and laughter went into the 1983 Rocket. I've really enjoyed working with others and putting the Rocket together. I hope you'll enjoy the memories in the 1983 Rocket.

Angela Moore

I've enjoyed being on Rocket Staff this year. It has been a great experience for me. We put a lot of hard work into the '83 Rocket. Hope you enjoy the Rocket.

Paula Holloway

It has been an honor for me working on the Rocket Staff. It seems like making a yearbook is a simple task, but it takes a lot of hard work and dedication. Trying to make the deadlines and getting all the pages put together right was hard, but with Mrs. Holderfield's help we were able to get the job done. A special thanks goes to her and Mr. Brown. I hope you will enjoy the 1982-83 yearbook.

Scotty White

I have really enjoyed working in Rocket Staff this year. It was a great honor to be able to work on the 1983 Rocket. Patience, time, and a lot of dedication went into this Rocket. We finally met all of our deadlines, thanks to Mrs. Holderfield. She is a wonderful person, who dedicates a lot of her free time to the Rocket Staff. A special thanks to Mr. Brown for taking and developing pictures. I hope you enjoy the 1983 Rocket.

Danita Kay Haller

Working on the Rocket this year has really been an experience for me. A lot of hard work has been done on the 1982-83 Rocket and I hope you will enjoy it for many years to come.

RHONDA IRONS

My senior year at SCHS has been one of the most memorable years of my life. The 82-83 Rocket has captured some of those memories for me and I hope it has done the same for you. You don't realize how much you really enjoy SCHS until it is almost over, so we have put together this book for everyone to be able to look back and remember those great times. My thanks to Mr. Brown and Mrs. Holderfield for their hard work and patience.

RUSTY BOARDMAN

Being on the Rocket Staff this year has been a learning experience for me. I realize now what cooperating with others really means. I've enjoyed working on the Rocket because of all the hard work that was put into it and I hope you will enjoy it too.

VIVIAN MOORE

Being on the Rocket Staff has been an experience I'm sure I'll never forget. It's funny the things you learn about people when you try to consider each person at SCHS and what they would like their Rocket to be composed of. It gives me a good feeling inside to know that I was part of such an important book. The memories captured on each and every page of this Book are very important to me now, but as time goes on I know they will be priceless.

I've really enjoyed putting a part of me into this book, and I hope you agree with me when I say "The 1982-83 Rocket is the best ever!" Thanks for all of your wonderful help Mrs. Holderfield and Mr. Brown. Without you two people this book wouldn't be possible!

M'LEAH MCBRYDE

Working on the Rocket Staff this year has been an experience I'm sure I'll never forget. I never knew there was so much work involved in putting a Rocket together until I experienced it myself. It has taken a lot of hard work and time, but it has been worth it.

This Rocket will mean more to me this year than ever before since I've put my time and effort into it. I hope everyone enjoys it as much as I have enjoyed working on the 1983 Rocket.

JYMME CARRINGTON

Being in Rocket Staff has really been an experience for me. It took a lot of hard work and time, but I know in the years to come I will look back at this with good memories. I am very proud of our 1982-83 Rocket and I hope that you will be just as proud. Good luck to the new members for next year!

MELISSA MILLS

I've really enjoyed being on the Rocket Staff this year. Being Photographer was an experience I'll never forget. I never realized just how much time and "PATIENCE" you need to get the job done. I'd like to thank Mrs. Holderfield and Mr. Brown for their help and understanding when the camera failed to work and when other problems arose.

We have put a lot of hard work and time into this yearbook, and we feel it is one of the best ever. We hope you feel the same and will treasure this book for many years to come.

LISA YARBROUGH

The 1983 Rocket has been completed this year through much effort by the staff. It takes cooperation to complete all the phases involved in laying out this yearbook. Pictures have to be planned, taken, sometimes retaken, pages drawn until each one is completed. Much thought goes into each individual page. We hope you enjoy this book and realize the work that went into it.

MRS. HOLDERFIELD

I have really enjoyed being on the Rocket Staff this year. It takes a lot of time and hard work to put it together but in the end it is worth it.

Special thanks to Mrs. Holderfield and Mr. Brown. Without them we wouldn't have a yearbook.

REBECCA CONNER

The 1982-83 Rocket Staff is to be commended for their excellent job of capturing the years activities in pictures and copy. It has been a pleasure to work with the staff and observe their dedicated efforts to exceed the high standards of past years.

Mr. and Mrs. Brown

*Best Wishes,
Sue Brown*

Mr. and Mrs. Brown are leaving Star City Schools this year. They will be missed. They have always shown a great interest in the students and school activities.

Mr. Brown has worked in Star City Schools for 31 years and served as elementary principal for 28 years.

Mrs. Brown teaches classes in pre-algebra, advanced math, trigonometry, geometry, chemistry, and physics. She has also devoted a lot of time as sponsor of FTA.

We would like to express our gratitude to Mr. and Mrs. Brown for all their dedication and help. We wish them a lot of happiness in their future.
